

Lisa Osborne has a bachelor's degree in social work from Peru State College. She is a certified social worker. Lisa also completed coursework and was a Nursing Home Administrator but does not hold current licensure. Lisa's entire career has been in the field of gerontology. This includes working with seniors in the local nursing home in Auburn where she grew up, to becoming a social worker in several nursing facilities as well as a nursing home administrator.

In 1998 Lisa joined Aging Partners in Lincoln and worked with the Medicaid waiver program to help seniors to receive home and community based services to remain in their homes. Lisa did a lot of traveling over 7 rural counties and appreciate the dedication it takes for our home health and hospice nurses, aides and therapists to provide care in our rural state.

Lisa said, "I have been at Tabitha since 2008 working within a Continuum of services that supports seniors and their families in 28 counties in Nebraska. I have enjoyed working on the NHCA Medicaid Task Force and collaborating with other agencies in our association to assure all recipients of Home Care services are provided the best possible care. I look forward to the opportunity to be Secretary for the association to supporting the work that the association does in advocacy, education and promotion of Home Health and Hospice services in Nebraska."
