

Comprehensive OASIS Training Package & Home Health Basic Training Series

We are pleased to offer an important new benefit exclusively for you, our association members! We have partnered with Fazzi Associates to offer you OASIS Training and Basic Home Care Training at **discounted pricing** to help you succeed in today's value-based environment.

OASIS Training

We all know that OASIS competency is absolutely critical to agency success, it impacts:

- Patient outcomes
- Star ratings
- Reimbursement
- Value-Based Purchasing measures

Further, there is significant evidence to suggest that agencies across the country are struggling with OASIS. For example, the average score on Fazzi's 2017 National OASIS Testing Project was 56% compared to 74% in 2016.

Through pricing that we have negotiated with Fazzi, we're able to offer you the Comprehensive Online OASIS Training Package at volume based discounted rates. The package includes:

- **Proficiency Testing:** Assess each clinician's skill level before and after training. *1.0 contact hour.
- **OASIS A to Z:** Item by item training for beginners and refresher education for everyone else. *8.5 contact hours.
- **OASIS Implemented:** Practical "hands-on" interactive scenario-based training for intermediate and advanced clinicians. *6.0 contact hours.
- **OASIS Walk:** The ultimate application based learning tool!
- **The Fazzi Learning System:** Assign trainings, track progress, licenses, certificates, CEUs and more at your fingertips.

Volume Discounted Pricing

The prices below are based on the total number of “seats” to each training program. You buy a “seat” for each person you want to go through the trainings. Therefore the more purchased by all of you collectively, the lower the price for all of you.

This offer is available until July 31. Once we know how many seats are being purchased by all our member agencies, we will confirm the final pricing and complete the enrollment with Fazzi.
