

Tammy Lofing, RN, graduated from Bryan School of Nursing and received her bachelor's degree in nursing from Nebraska Wesleyan University. During the past 30 years Tammy has worked for Beatrice Community Hospital Home Care. Her experiences include clinical staff for home health, managing the private home care, and her latest position as assistant director of home health.

Tammy said, "I am honored to be considered a candidate for the Nominating Committee. We have many experienced and competent members in the Nebraska Home Care Association. It would be a privilege to gain more insight and to learn more about home health by being a member of the team."
